AGENDA

1. INTRODUCTIONS

Department of Hawaiian Home Lands (DHHL)

- Stewart Matsunaga, Project Manager
- Robert Ing, Land Agent

- Nikki Luong, E.I.T., Austin Tsutsumi & Associates, Inc. (ATA)
- Brooks Aoki, Deputy Manager/CM, SSFM International, Inc. (SSFM)
- Cory Uchima, Construction Manager (SSFM)

2. PURPOSE OF PRE-BID CONFERENCE

- Project overview and job site visit
- Review procurement requirements
- Clarify bid documents.
- Submittal Schedule (Below). (Also, Pages 1-3, 'Instructions for Bid Submittal').

3. SCOPE OF WORK (Drainage Improvements on Lot 29 (& 32))

- Clearing & Grubbing.
- Installation, maintenance, monitoring, and removal of BMP, including silt fence.
- GRP Ditch and Outlet, and Grass Swale on Lot 29.
- Concrete wall along portion of existing concrete ditch on Lot 32.
- Water lateral and concrete jacket

General

- All work must be performed in accordance with the Technical Specifications and Plans included in this IFB.
- All work and responsibilities listed in the Plan's 'General Construction Notes' are incidental to the bid proposal and are made part of this contract.

4. PROCUREMENT REMINDERS

- This project is not exempt from the General Excise Tax (GET). A line item for the GET is included in Bid Proposal Form, and should be added to the subtotal of bid items, and not the individual prices for each bid item;
- The Apprenticeship Agreement Preference for public works projects shall not apply to this IFB, in accordance with HRS §103-55.6, concerning projects with an estimated value of less than \$250,000.

- This project is subject to Chapter 104 HRS, Department of Labor and Industrial Relations (DLIR) prevailing wages and salaries;
- After bid opening and prior to award of the contract, DHHL shall verify compliance with Sections 103D-310 and 103D-328 HRS via Hawaii Compliance Express (HCE) for the bidder and all subcontractors. Therefore, the bidder and all subcontractors should register with HCE. Instructions for registration are at the HCE website: <http://vendors.ehawaii.gov>;
- Failure by the bidder and/or any subcontractor to rectify a non-compliant status within ten business days of notification will be considered as sufficient for the disqualification of the bidder and rejection of its proposal;
- In accordance with the provisions of Chapter 104-25, Hawaii Revised Statutes, there are contractors who have been suspended from doing any work on State or County public work construction project. An updated list can be found at this web link: <http://labor.hawaii.gov/wsd/prevailing-wages-on-public-works/contractors-suspended-under-chapter-104-hawaii-revised-statutes/>

5. COMPLETION SCHEDULE AND LIQUIDATED DAMAGES

- Time to complete: Ninety (90) calendar days from Notice to Proceed
- Liquidated damages: \$250 per calendar day

6. QUESTIONS/ANSWERS ISSUED BY LAST ADDENDA

ADDENDUM NO. 1

QUESTIONS AT PRE-BID CONFERENCE & SITE VISIT (on July 11, 2018)

Waiohuli-Hikina, Lot 29 Drainage Improvements
IFB-18-HHL-012

1. Is a construction fence required?

Response: A construction fence is not required for the project as an 8' minimum dust fence is required.

2. Where can the plans be found?

Response: The plans are provided with the Invitation for Bids (IFB) documents on the State's HANDS website. A weblink to the IFB is provided on the 'Notice to Bidders' and another link on page 2 of the Pre-Bid Conference Agenda.

3. What is the size of the lot and is a NPDES permit required due to the grading work that is being done on a lot that is possibly 1 acre or larger?

Response: The lot is approximately 0.66 acres so a NPDES permit is not required for the grading work.

4. Is there a source of water that the contractor can use during construction?

Response: Contractor will be responsible to provide its own construction water.

5. Can the size of the staging area be changed/ or made bigger?

Response: Yes, the staging area can be resized or changed as needed by the Contractor as long as the appropriate BMPs are provided and all staging area shall be located within Lot 29. The contractor will also need to provide details of the changes to the Construction Manager and DHHL.

6. Is a surveyor necessary for the project?

Response: Yes, per General Construction Note No. 7 on drawing C-1, a Hawaii registered professional surveyor is required.

Per SC-05 of the Special Conditions in the IFB's Sample DHHL Contract, "Any surveying services required shall be the responsibility of the contractor and considered incidental to the scope of work under this contract and therefore covered under the terms of this contract. No separate payment shall be made."

DHHL Construction General Conditions, 5.9.3.4, in the IFB states, "The Contractor shall provide a surveyor or Civil Engineer licensed in the State of Hawaii to verify and establish all lines, grades, dimensions and elevations."

7. What type of grass is used for hydro-mulch?

Response: Permanent Bermuda ground cover is required per Permanent Erosion Control Measures Note No. 3 on drawing C-1.

POST PRE-BID CONFERENCE QUESTIONS:

8. 'GRP Ditch' Detail on Sheet C-2 calls out 12" Select Borrow or as required by the engineer. Will over excavation & select borrow backfill be required only if ash is encountered?
[Response:](#) If ash is encountered, there is a line item for Allowance for Varying Site Condition.
9. 'Dust Screen With Silt Fence' Detail on Sheet C-5 calls for lumber to be used to build fence. Please confirm that chain link fence with same configuration of silt fence trench is acceptable in lieu of a wood fence.
[Response:](#) Chain link fence with the same configuration of silt fence trench is acceptable.
10. 'Detail A' on Sheet C-3 requires grout for the drilled holes to set the rebar. Please confirm epoxy grout is acceptable.
[Response:](#) Epoxy grout is acceptable.

COMMENTS AND OBSERVATIONS DURING SITE VISIT

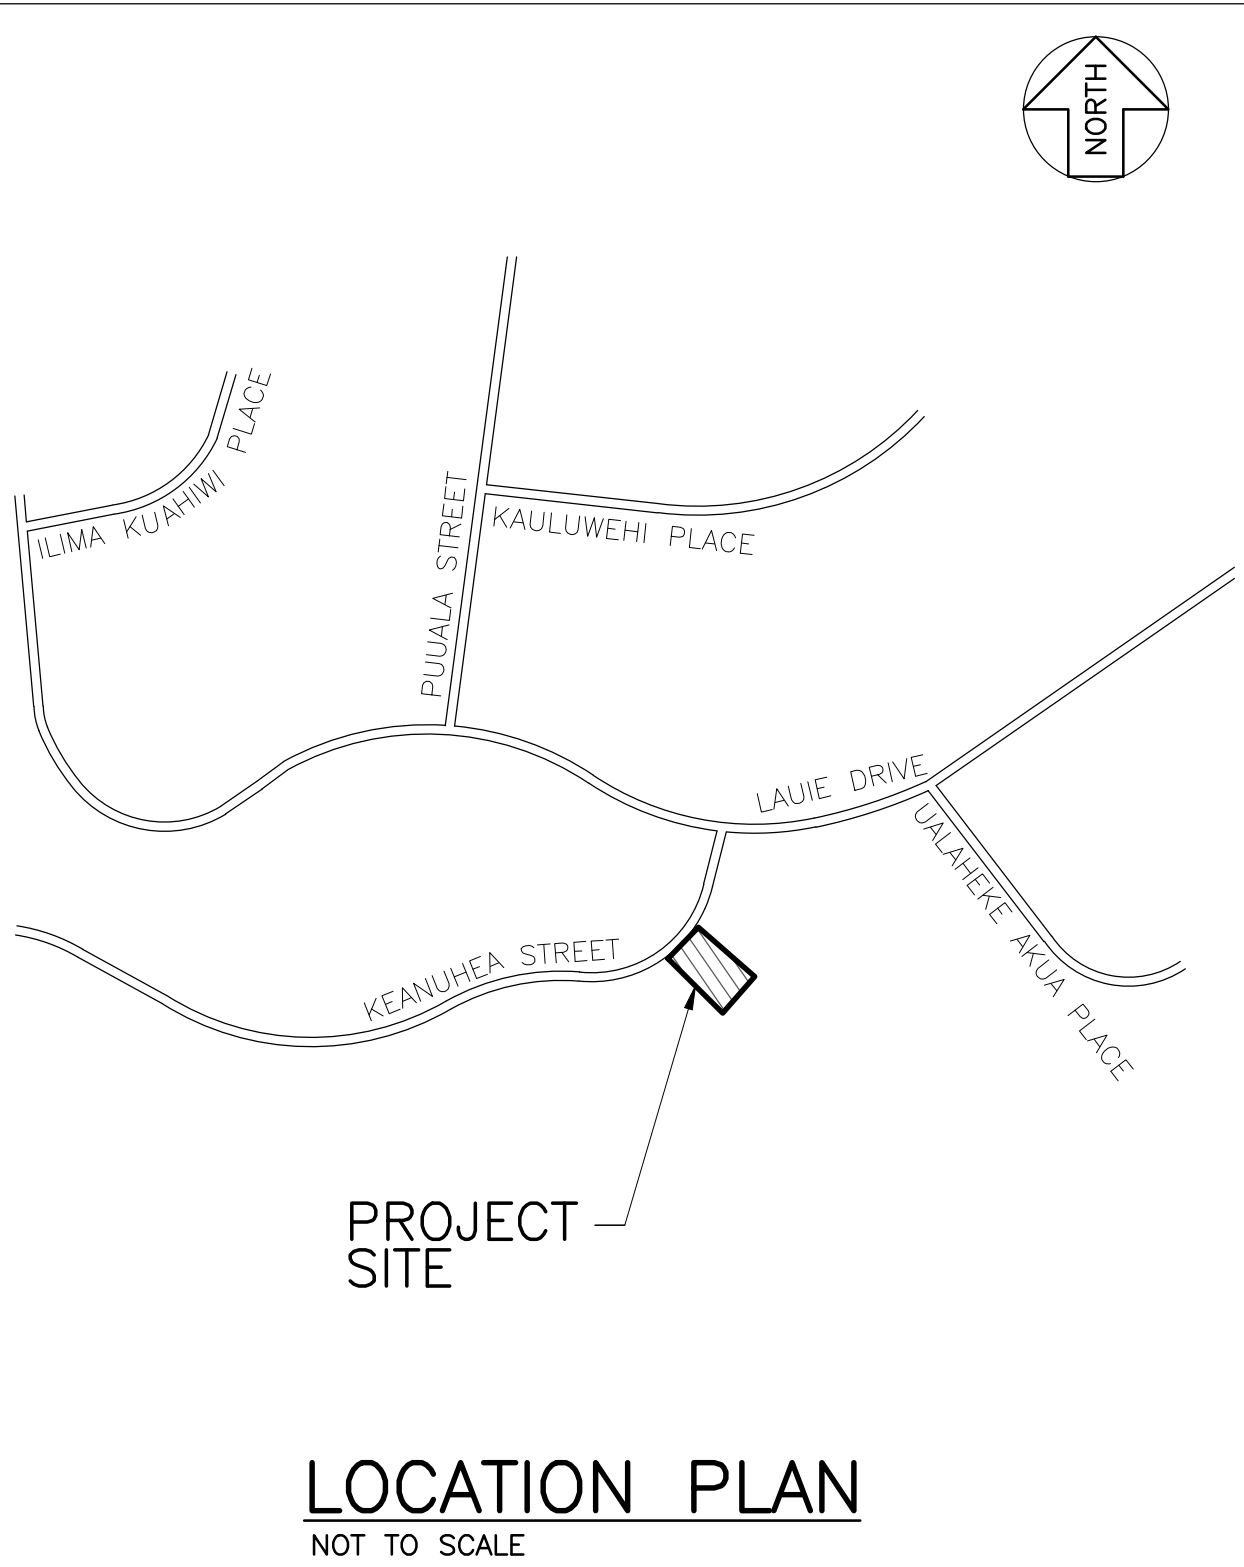

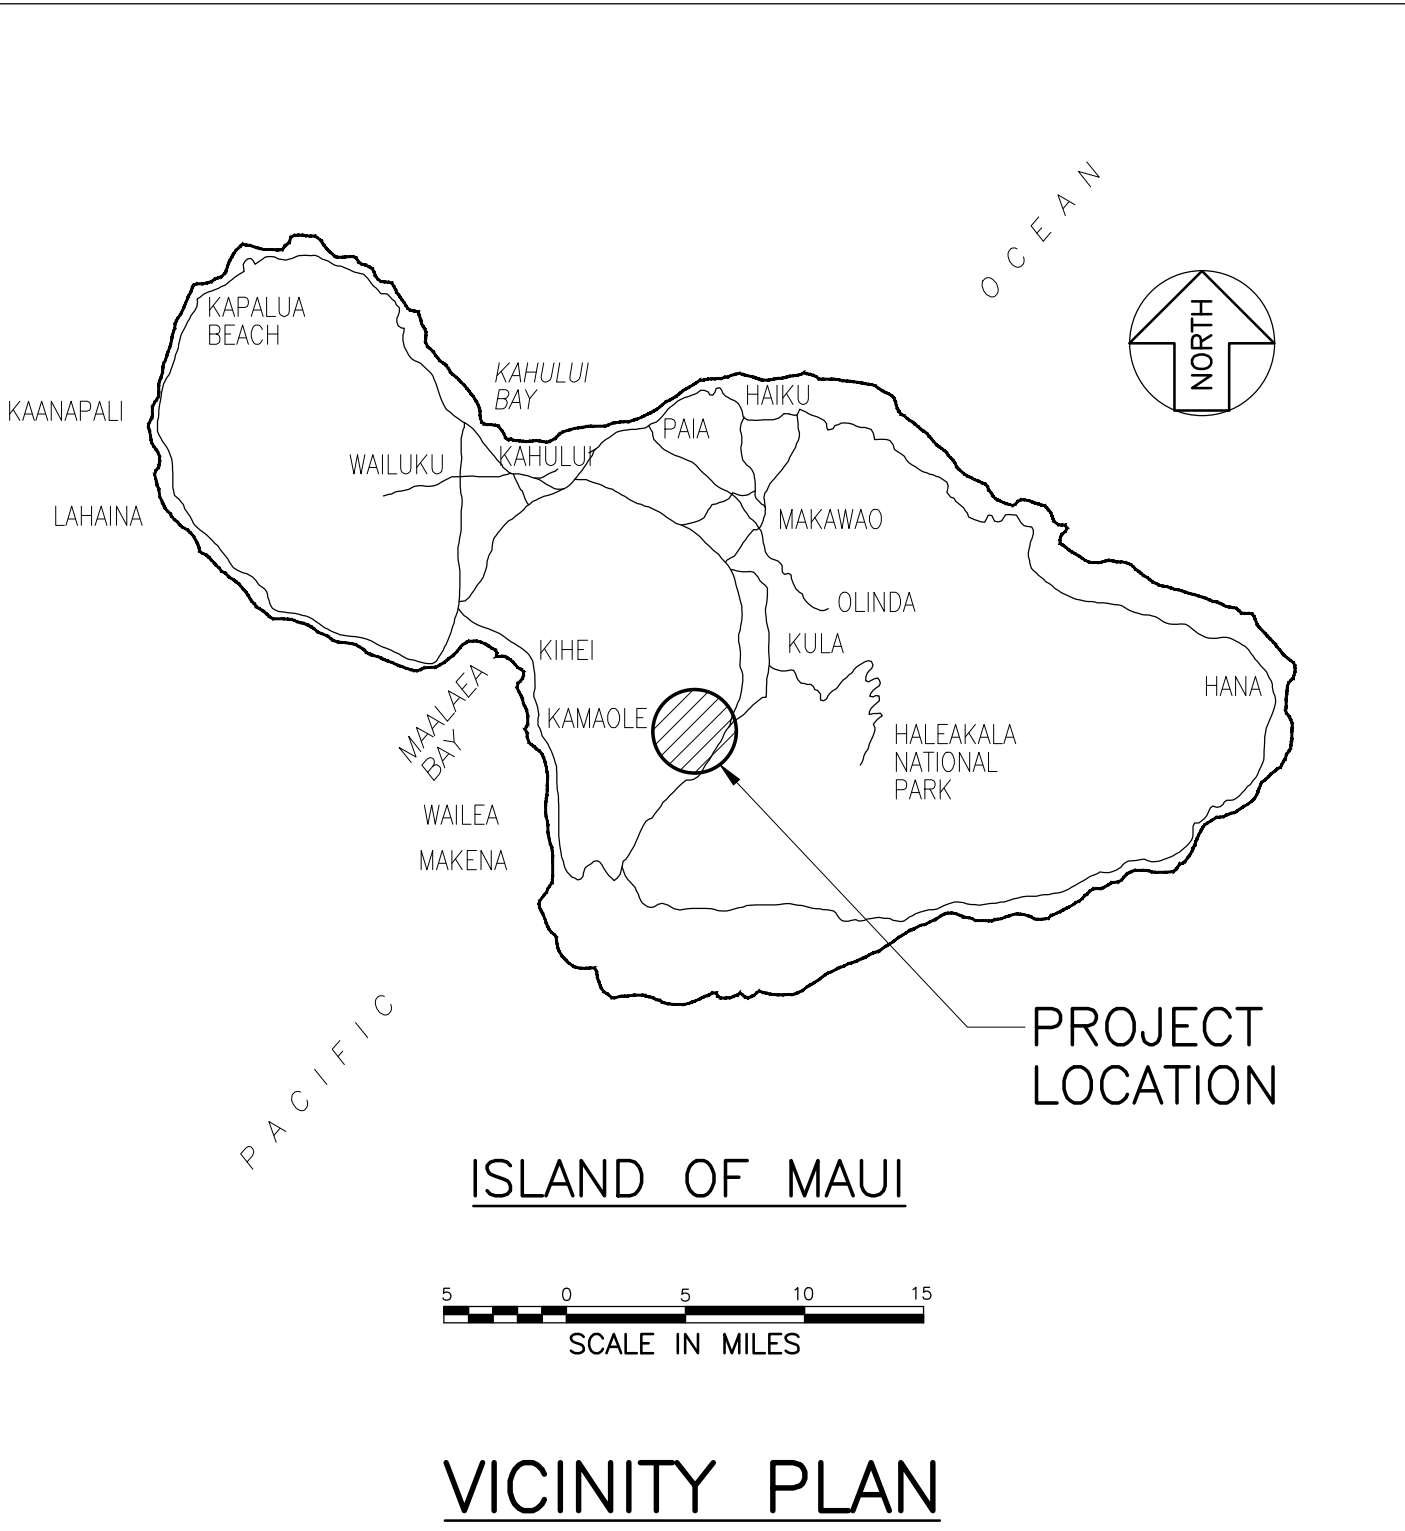

1. Construction Estimate for the project is approximately \$200,000.
2. The adjacent lot at the rear of Lot 29 and 30 (Lot 32), has 2 large pit bulls confined within their fenced yard near the concrete ditch. Contractor enters area at own risk and should coordinate construction entry with any adjoining lessees.
3. Access to the wall construction site can be done on foot from above, from Ualaheke Akua Place, by walking down the concrete trapezoidal ditch, given adequate notice to adjoining lessees. Contractor has site control of all of Lot 29.

HAWAII PRODUCTS PREFERENCE

In accordance with HRS §103D-1002, the Hawaii products preference is applicable to this solicitation. Hawaii Products [are / may be] available for those items noted on the offer form. The Hawaii products list is currently available on the SPO webpage at: <http://spo.hawaii.gov/for-vendors/hawaii-product-preferences/>.

Offeror submitting a Hawaii Product (HP) shall identify the HP on the solicitation offer page(s). Any person desiring a Hawaii product preference shall have the product(s) certified and qualified if not currently on the Hawaii products list, prior to the deadline for receipt of offer(s) specified in the procurement notice and solicitation. The responsibility for certification and qualification shall rest upon the person requesting the preference.

Persons desiring to qualify their product(s) not currently on the Hawaii product list shall complete form SPO-038, *Certification for Hawaii Product Preference* and submit to the Procurement Officer issuing the solicitation (IFB or RFP), and provide all additional information required by the Procurement Officer. For each product, one form shall be completed and submitted (i.e. 3 products should have 3 separate forms completed). Form SPO-038 is available on the SPO webpage at <http://spo.hawaii.gov/all-forms/>. The manufacturers and producers must complete and submit SPO-38 to DHHL. The form must be received no later than the date and time specified in the Instructions for Bid Submittal's 'IFB Schedule'. Submittal by facsimile to: (808) 620-9299 is acceptable. SPO-38s received and approved by DHHL in relation to this solicitation as additional certified and qualified Hawaii products will be published via addendum.

Bidders may claim a Hawaii product preference for products that it manufactures or produces with its own workforce and equipment. The SPO-38, *Certification for Hawaii Product Preference*, must be submitted in accordance with the procedures described above in order for Bidder to claim a Hawaii product preference for such Hawaii products Bidder intends to use in this work.

When a solicitation contains both HP and non-HP, then for the purpose of selecting the lowest bid or purchase price only, the price offered for a HP item shall be decreased by subtracting 10% for the class I or 15% for the class II HP items offered, respectively. The lowest total offer, taking the preference into consideration, shall be awarded the contract unless the offer provides for additional award criteria. The contract amount of any contract awarded, however, shall be the amount of the price offered, exclusive of the preferences.

Change in Availability of Hawaii product. In the event of any change that materially alters the offeror's ability to supply Hawaii products, the offeror shall notify the procurement officer in writing no later than five working days from when the offeror knows of the change and the parties shall enter into discussions for the purposes of revising the contract or terminating the contract for convenience.

It is further understood by the Bidder that if upon being granted Hawaii Products, and being awarded the contract, if the Bidder fails to use such products or meet the requirements of such preference, the Bidder shall be subject to penalties, if applicable.

ALL JOINT CONTRACTORS OR SUBCONTRACTORS TO BE ENGAGED ON THIS PROJECT

The Bidder certifies that the following is a complete listing of all joint Contractors or Subcontractors covered under Chapter 444, Hawaii Revised Statutes, who will be engaged by the Bidder on this project to perform the nature and scope of work indicated pursuant to Section 103D-302, Hawaii Revised Statutes, and understands that failure to comply with this requirement shall be just cause for rejection of the bid.

The Bidder further understands that only those joint Contractors or Subcontractors listed shall be allowed to perform work on this project and that all other work necessary shall be performed by the Bidder with his own employees. If no joint Contractor or Subcontractor is listed, it shall be construed that all of the work shall be performed by the Bidder with his own employees.

The Bidders must be sure that they possess and that the Subcontractors listed in the bid possess all the necessary licenses needed to perform the work for this project. The bidder shall be solely responsible for assuring that all the specialty licenses required to perform the work are covered in his bid.

The Bidder shall include the license number of the joint Contractors or Subcontractors listed below. Failure to provide the correct names and license numbers as registered with the Contractor's Licensing Board may cause rejection of the bid submitted.

Complete Firm Name of Joint Contractor or Subcontractor	License Number	Hawaii Tax ID Number	Nature and Scope of Work to be Performed

METHOD OF AWARD

Bidder is required to bid on the entire project. The low bidder shall be determined by the procedures outlined in items 1) through 4) below:

- 1) Prior to opening of bids, the State will determine the amount of funds available for the project. This amount will be designated the "control amount". The control amount shall be announced at, and prior to the opening of bids.
- 2) The Base Bid and Alternate, if any, of each Bidder will be adjusted to reflect the applicable preferences in accordance with Chapter 103D, HRS. The Alternate, if any, will then be added to the Base Bid and compared with the control amount.
- 3) The low bidder shall be the Bidder having the lowest aggregate amount, within the control amount (after application of the various preferences), for the Base Bid plus the Alternate, if any.
- 4) If adding the Alternate, if any, would make the aggregate amount exceed the control amount for all Bidders, the low bidder shall be the Bidder having the lowest Base Bid after application of the various preferences.

It is further understood and agreed that:

- 1) The Chairman reserves the right to reject any and/or all bids and waive any defects when, in his opinion, such rejection or waiver will be in the best interest of the State.
- 2) After determining the low bidder, an award may be made either on the amount of the Base Bid alone, or including the Alternate (exclusive of preferences), if:
 - a. It is in the best interest of the State;
 - b. Funds are available at time of the award; and
 - c. The combination of the Base Bid plus Alternate does not change the apparent low bidder.
- 3) In the event the Base Bid for all Bidders exceed the control amount, the Chairman reserves the right to negotiate with the lowest responsible and responsive bidder to award a contract within available funds.
- 4) In the event the award is made for the Base Bid alone, the Chairman reserves the right to amend the contract at a later date to include the Alternate should funds subsequently become available.

OTHER CONDITIONS

- 1) The liquidated damages per working day for failure to complete the work on time have been determined and are noted in the Special Conditions of the sample contract.
- 2) By submitting this bid, the undersigned is declaring that his firm has not been assisted or represented on this matter by an individual who has, in a State capacity, been involved in the subject matter of this contract in the past one (1) year.
- 3) By submitting this bid, the undersigned is declaring that Bidder's own organization will perform at least 20% of the contractor's work. For the purposes of this section, the Contractor's work is defined as: direct cost labor for contractor's forces; direct cost materials installed by the contractor's direct cost labor force; direct cost equipment, either owned or leased, used by the contractor's direct cost labor force; and field overhead cost to include: field supervision, field office trailer (if any), field office equipment and supplies, etc.
- 4) Upon the acceptance of the bid by the Chairman, the undersigned must enter into and execute a contract for the same and furnish a Performance and Payment Bond, as required by law. These bonds shall conform to the provisions of Sections 103D-324 and 325, Hawaii Revised Statutes, and any law applicable thereto.
- 5) The quantities given herewith are approximate only and are subject to increase or decrease.
- 6) The estimated quantities shown for items for which a UNIT PRICE is asked in this bid are only for the purpose of comparing on a uniform basis bids offered for the work under this contract. No claim shall be filed for anticipated profit or loss because of any difference between the quantities of the various classes of work done or the materials and equipment actually installed and the said estimated quantities. Payment on UNIT PRICE items will be made only for the actual number of units incorporated into the finished project at the contract UNIT PRICE.
- 7) If the product of the UNIT PRICE BID and the number of units does not equal the total amount stated by the undersigned in the Bid for any item, it will be assumed that the error was made in computing the total amount. For the purpose of determining the lowest Bidder, the stated UNIT PRICE alone will be considered as representing the Bidder's intention and the total amount bid on such items shall be considered to be the amount arrived at by multiplying the UNIT PRICE by the number of units.
- 8) Certification for Safety and Health Programs for Bids in Excess of \$100,000. In accordance with Sections 103D-327 and 396-18, Hawaii Revised Statutes, by submitting this bid, the undersigned certifies that his firm will have a written Safety and Health Plan for this project that will be available and implemented by the Notice to Proceed date of

this project. Details of the requirements of this plan may be obtained from the Department of Labor and Industrial Relations, Occupational, Safety and Health Division.

- 9) Any contract arising out of this offer is subject to the approval of the Department of the Attorney General as to form, and to all further approvals, including the approval of the Governor, required by statute, regulation, rule, order, or other directive.

Receipt of the following addenda issued by the Department is acknowledged by the date(s) of receipt indicated below:
