MEETING INVITATION

'Ualapu'e Kuleana Homestead Project Community Meeting

Aloha Moloka'i community,

The Department of Hawaiian Home Lands (DHHL) is pleased to invite you to a project update meeting on the 'Ualapu'e Kuleana Homestead Project, a priority project in the DHHL Moloka'i Regional Plan. All community members are welcome to join us to learn about this beneficiary-driven project. We appreciate your continued interest and patience as we go through the planning process. We have information to share from the recent technical studies and that will help to address questions received in prior meetings. There is still much more to be done before we can begin to draft the Kuleana Homestead Settlement Plan.
